

DIGITAL
ASSESSMENT
LIBRARY

NEW! Digital Assessment Library for University Student Mental Health

Do you have the tools to stay on top of anxiety, depression, suicidal ideation, and other mental health challenges facing your students today?

Every institution of higher education is dealing with a student mental health crisis. In an effort to make sure any college student struggling with mental health issues can be identified, Pearson has built the Digital Assessment Library (DAL) for University Student Mental Health.

Delivered online through Pearson's Q-global® platform, **this library of digital assessments has been designed as an affordable, unlimited-use subscription so that college counselors and student mental health professionals have access to the highest quality mental health assessments at a flat, worry-free annual cost** without concerns about additional fees (or running out of response booklets).

Features include:

- 12 standardized mental health assessments
- Access to Q-global web-based digital administration, scoring, and reporting
- Wide range of assessments and its usages as per plan selected.
- One simple, annual price for use with the entire student population

Which digital mental health assessments are included?

[BASC™-3](#) offers a set of rating scales to help evaluate the behaviors and emotions of individuals, differentiating between hyperactivity and attention problems, and measures areas for both IDEA and DSM-5 classifications. Available in Spanish.

AGE 2-21 10-30 min

[BASC™-3 BESS](#) College Form provides a quick, efficient, valid, and reliable way to screen large numbers of students while guaranteeing security and privacy.

AGE 18-25 5-10 min

[Beck Scale for Suicide Ideation®](#) is an evaluation that helps measure a broad spectrum of attitudes and behaviors clinicians routinely consider when assessing a patient's suicide risk.

AGE 17-80 5 min

[Beck Anxiety Inventory®](#) is a brief, criteria-referenced assessment for measuring anxiety severity and level, with patients responding to 21 items rated on a scale from 0 to 3.

AGE 17-80 5 min/ inventory

[Beck Hopelessness Scale®](#) measures attitudes about the future. It can be administered with the BDI®-2 and BSS® for a complete evaluation.

AGE 17-80 5 min

[Beck Depression Inventory®-2](#) is a brief, criteria-referenced assessment for measuring depression severity. This widely used instrument for detecting depression is more clinically sensitive than ever.

AGE 13-80 5 min

[The Beck Youth Inventories™, Second Edition](#) uses five self-report inventories to assess symptoms of depression, anxiety, anger, disruptive behavior, and self-concept.

AGE 7-18 5 min/ inventory

[Brown EF/A Scales™](#) goes beyond other measure to screen and access a wider range of impairments of executive functioning and attention.

AGE 3+ 10-25 min

[Delis-Rating of Executive Function](#) and [D-REF Adult](#) let you quickly and easily administer, score, and report the frequency of observed behaviors that identify executive function problems.

AGE 5-79 5 - 15 min / form

[Millon® College Counseling Inventory](#) is a multi-dimensional personality assessment that can help address struggling students' concerns and get them back to a healthy state of mind.

AGE 16-40 20-25min

[Quality of Life Inventory](#) is a psychological assessment of well-being and satisfaction with life and yields an overall score based on the "Sweet 16" areas that make up quality of life, including love, work and play.

AGE 17+ 5 min
